## The Theater

### TEAL WILL STAY.

Not even standing room was to be had at the Orpheum last night at the second playing of "On Gay Broadway" by the Raymond Teal Company and judging by the exceptional and well deserved success of this piece the same condition of affairs will be in effect at the two shows this evening.

Many were heard to regret the absence of Raymond Teal from the cast of this play, but it cannot be denied that there was plenty of excitement through the evening nevertheless, although he had many admirers who will not be satisfied until he is on the bill.

Fritz Fields had not a prominent part, but made the most of his brief appearances. Roy Kinslow gave further evidence of his ability as a laugh maker, and his act with the chorus when each member gave evidence of her ability or inability to crow like a rooster was a veritable scream.

Able work on the part of Miss Corinne Carkeek materially assisted in the presentation of this play, and the chorus played no small part in the success of many of the numbers. The Teal chorus, by the way, is one of the most uniformly clever ones that has been seen in Bisbee, there being no weak members, and some of them being a long way above the average.

Mention has already been made of the excellent work of Miss Madeline Rowe, Miss Hazel Lake, Mr. Claud Kelly and others, their individual performances being easily worth the price of admission.

Last night the satisfactory announcement was made that the Teal Co. would remain here for another week. The program for this extension of their engagement is as follows, Monday and Tuesday, "Hello, Bill," Wednesday and Thursday, "Lovers

## GAS

### For Cooking and Heating

In addition to being an ideal fuel for cooking, Gas can be used as advantageously for heating water.

With a little gas room heater you can quickly make any room of the house warm and cozy. Ideal for quick morning and evening service in the bath and bed room. Takes little space and can easily be carried from room to room.

We are in a position to demonstrate at our store the different gas appliances for cooking—water heating and room heating.
